THE NEXT EVOLUTION OF BUSINESS PARKS

# INFINITE POSSIBILITY

## THE NEXT EVOLUTION OF BUSINESS PARKS

The future is filled with immense possibility & endless opportunity. The world today is at one of its most creative & inventive stages with technological innovations that are reshaping the landscape of businesses. The pace of new innovations has reached blistering proportions, bringing with them, the hope of a brighter tomorrow, the possibility of new business avenues, and the potential to do more with ease at one's fingertips.

Imbibing this spirit of artistic invention & innovation it has, for long, been RPS Group's vision, to create a business destination that represents the future & the possibility it holds.

Today that vision stands a reality with the birth of a brand that will reshape the face of business parks and stand tall with the promise of tomorrow's technology & service. Welcome to RPS INFINA.

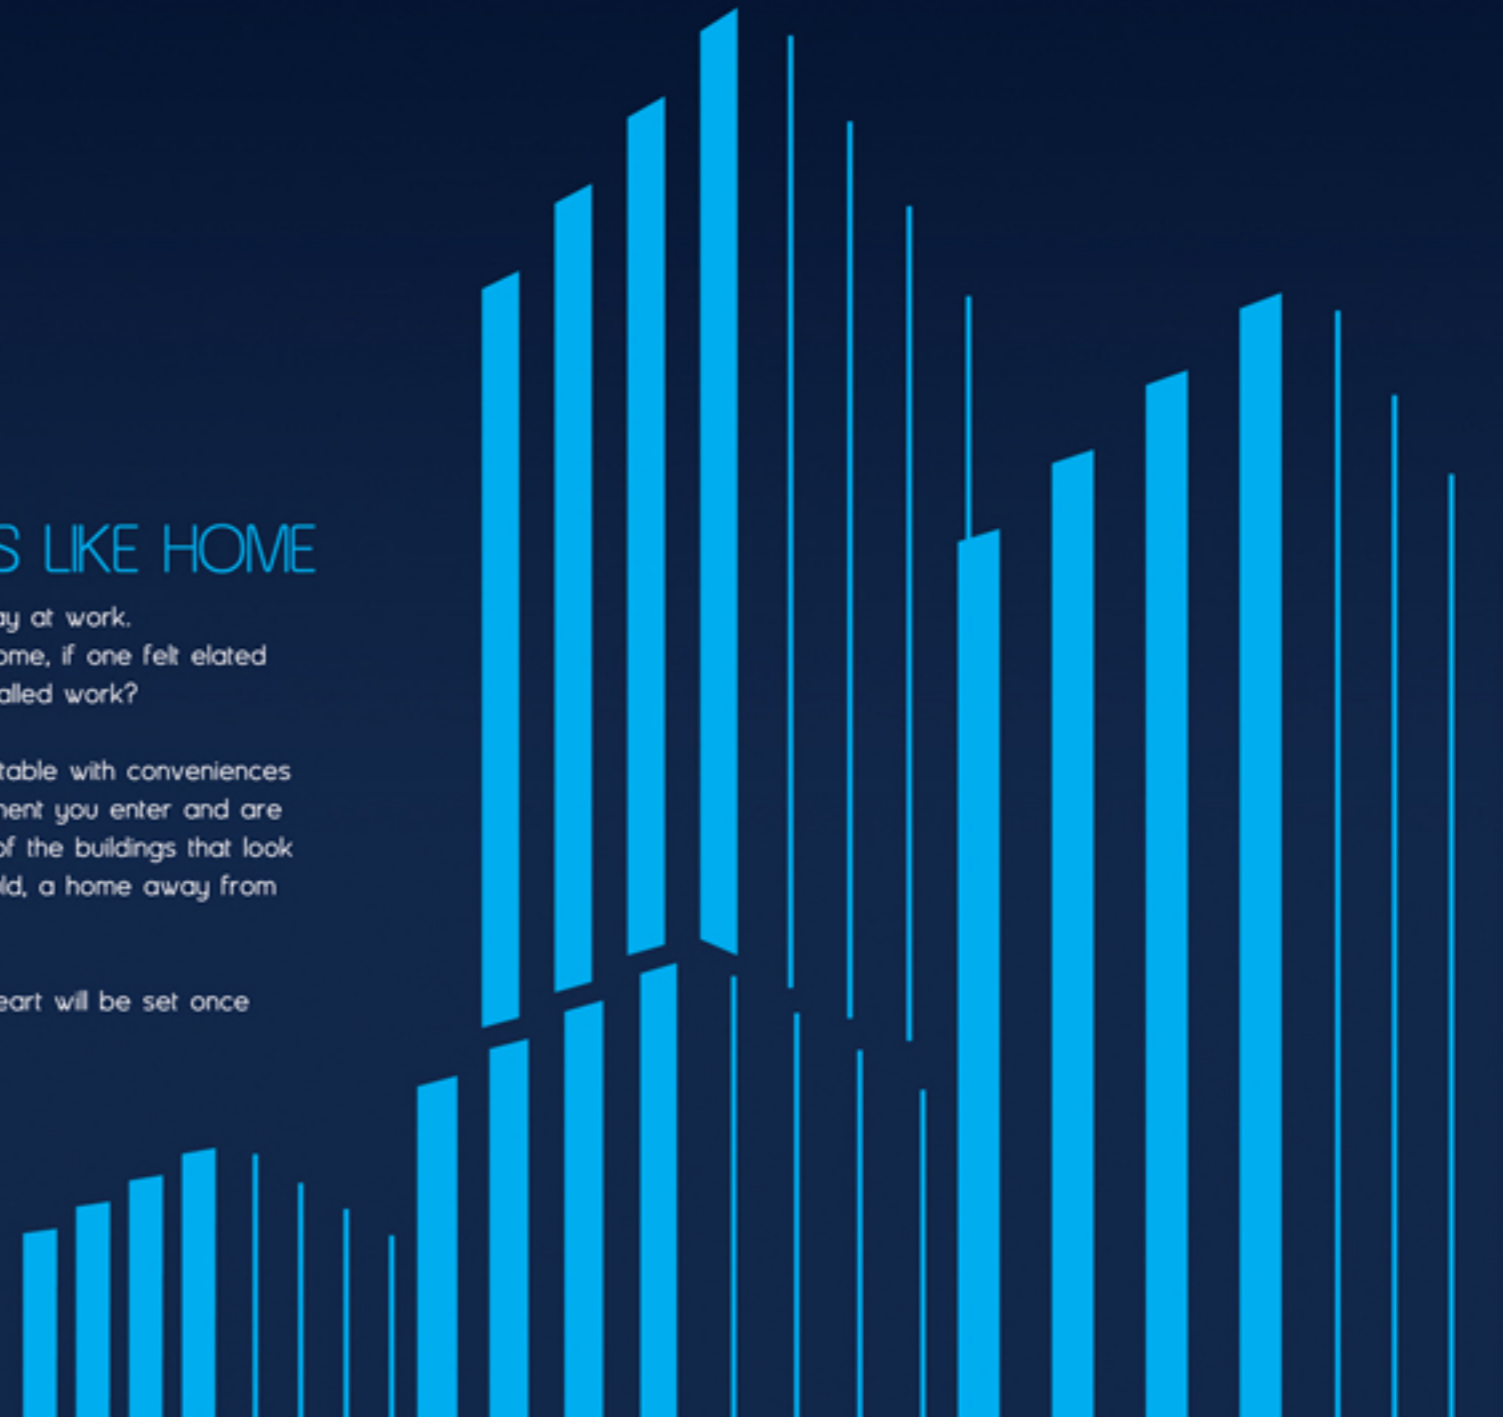

# AT HOME, AT WORK

## THE WORKPLACE THAT FEELS LIKE HOME

The comfort of home is what one yearns for after a long day at work. What if work had creature-comforts that went far beyond home, if one felt elated to walk into the workplace each day - would work still be called work?

RPS INFINIA brings the best-in-class work environment to the table with conveniences & comforts that will bring a smile to your face. From the moment you enter and are welcomed by luscious greens to the time you step into any of the buildings that look & feel a class apart, RPS INFINIA makes work feel like it should, a home away from home.

Home is where the heart is, and RPS INFINIA is where your heart will be set once you experience it.

# SEAMLESS EXPERIENCES

## ENDLESS OPTIONS & CONVENIENCES

Infinite possibility gives birth to do limitless potential. At RPS INFINA we have put forth the best-in-class services & taken the greatest of measures to ensure seamless operations that make businesses go about their business by removing the day-to-day nuances out of the equation.

The travel-desk for instance takes care of all business travel needs from flights to accommodation. The ample and well located parking spaces ensures that people get to their workplace without hassle.

Even the campus will be technologically superior than anything before with features such as Wi-Fi availability throughout the Campus, Touch-Screen-Kiosks at the welcome desk and many such conveniences that ensure a comfortable workspace.

# UNMATCHED LUXURY

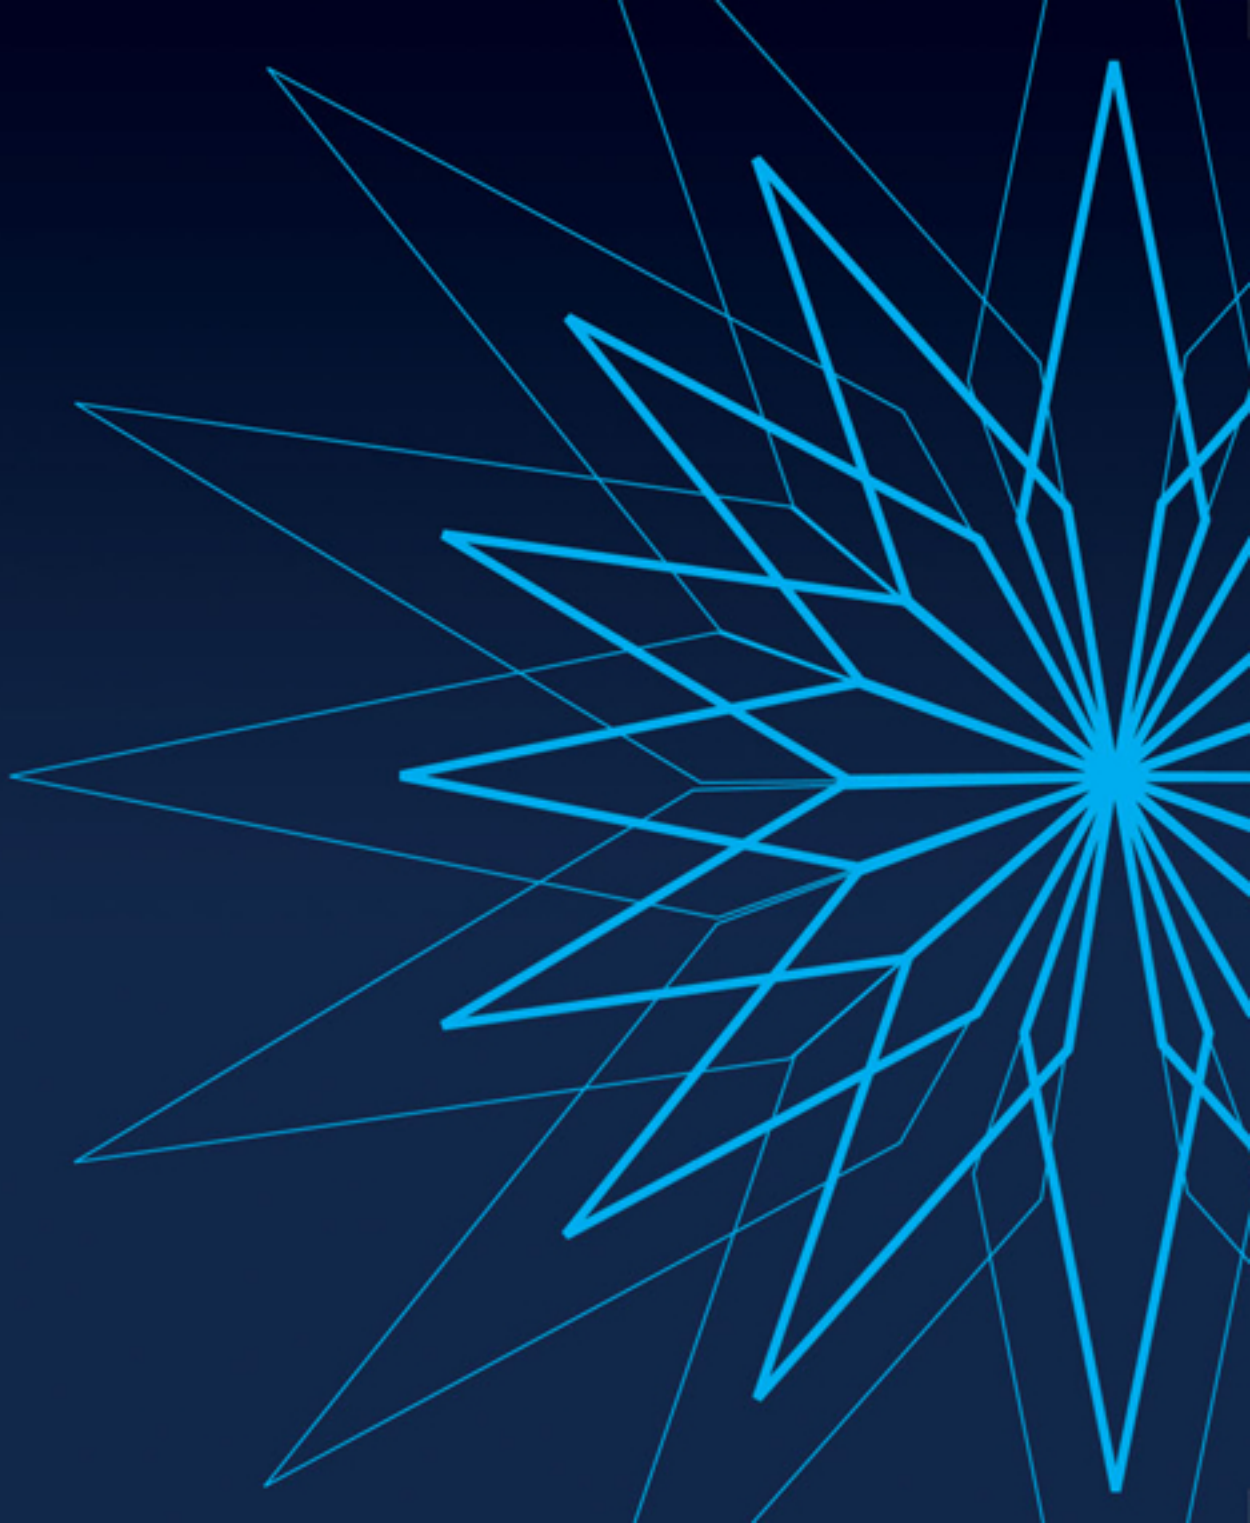

## THE WINNING EDGE

In today's changing times the dynamics of business are constantly adapting with new challenges & probabilities being thrown into the equation each day.

The one thing, however, that has stayed constant across decades is business hospitality. Every business requires the winning edge, those small perks it can offer to its members & customers, the extra mile that makes or breaks a business deal and the small little gestures that makes colleagues love the company.

With this thought in mind we have made in-house luxury a big part of our big picture. Azure, the Executive Business Suites will give guests and occupants Entertainment & Dining Destinations unlike any other all day long and Plush yet Comfortable spaces to unwind and re-charge at night for new business avenues the next day. It will even offer facilities such as a health spa, fitness club and numerous other options to stay fit and blissful. The conference halls and business centers hold immense possibility for business town-halls and much more. It is, after all, the little things that make the bigger picture.
