EXECUTIVE BUSINESS SUITES

# THE EVOLUTION OF A REVOLUTION

## THE EXECUTIVE SUITES

The future holds immense possibility and brings with it, ideas, innovation and conveniences to the table that were earlier thought impossible.

The needs of today's businesses, professionals and individuals are extremely dynamic requiring developers to re-think and push the envelope further.

Welcome to Azure, the executive business suites that are designed with today's unique customers in mind. With Azure, RPS aims to bring luxury to business with executive business suites that are a class apart. With an extensive feature list of supreme comforts right in the bag, Azure is the perfect blend of luxury, business and comfort.

Azure will please it's occupants with unmatched build quality and exemplary standards that will surpass all expectations.

# IN THE LAP OF LUXURY

## BUSINESS MEETS BEAUTY

Growing businesses have dynamic needs and wish to invest smartly into their people and spaces.

RPS Group has always envisioned the amalgam of business and luxury as the epitome of success. With a keen eye for detail, the group has ensured that Azure be built with the minutest of details and intricacies in mind.

Azure stands as the ultimate blend between Business & luxury with the beautifully designed executive business suites that offer preset features such as premium furnishing, Internet connectivity, LCD television and many more as a standard.
